

## ***Quota International Ontario District 18***

**REMINDERS/****NEW****DEADLINES:**

**March - Quota Cares  
month  
District Conference  
2011 is 13-15 May at  
Highland Inn &  
Conference Centre**

In this last Q-Tips edition as Lt Governor, I thank all of you for supporting Quota and communicating your work to me. Since this newsletter was not a requirement, it will be up to your new Lt Governor to decide how she reaches the masses. As you know my main focus in Q-Tips was to motivate Retention and Recruitment or Development and Growth. Even though at this point, no new branches or clubs have been chartered, I know you are working towards this goal. Our new Quota International website, [www.quota.org](http://www.quota.org) is full of easy to reach tools.

Go to <http://www.quota.org/organize-a-club/> and read how you can “Give Your New Club or Branch a Twist”. Quota International now offers special guides on organizing a Quota club or branch that appeal specifically to seniors and young adults/young professionals.

A [Silver Q Guide](#) for seniors, and our newest venture for young adults ages 35 & under called - [Next Gen Club Guide](#). This guide also includes tips for organizing Campus clubs. Although the organizing requirements and fees remain the same as for regular, traditional Quota clubs, each guide shares tips for providing the experience and flexibility that appeals to its target group.

We will ***Deliver Possibilities*** in District 18. I look forward to your D&G news during the club presentations. Do not forget to include you club CHALLENGE information that was given to all clubs in the October Q-Tips.

My Newfie Q-Tip will now be retired. See you at the Quota Training Seminar (QTS) on 13 May. Remember one registration form this year to be sent to the Q.I. Huronia Registrar. Go to [www.quotacanada.org](http://www.quotacanada.org) for District 18 conference and QTS details and forms.

**Thank You/Merci beaucoup to all**

*QUOTATION: Dr. Steven Covey wrote: “Organizing Genius, the latest insightful and fascinating offering from Bennis and Biederman, reveals how there is rarely only one face to success. What may seem to be independent achievements are almost always a collection of extraordinarily interdependent minds.”*

Yours in Quota,  
Ann M. Keating-Morrison  
Lt-Governor March 2011
